Upgrades In Convenience

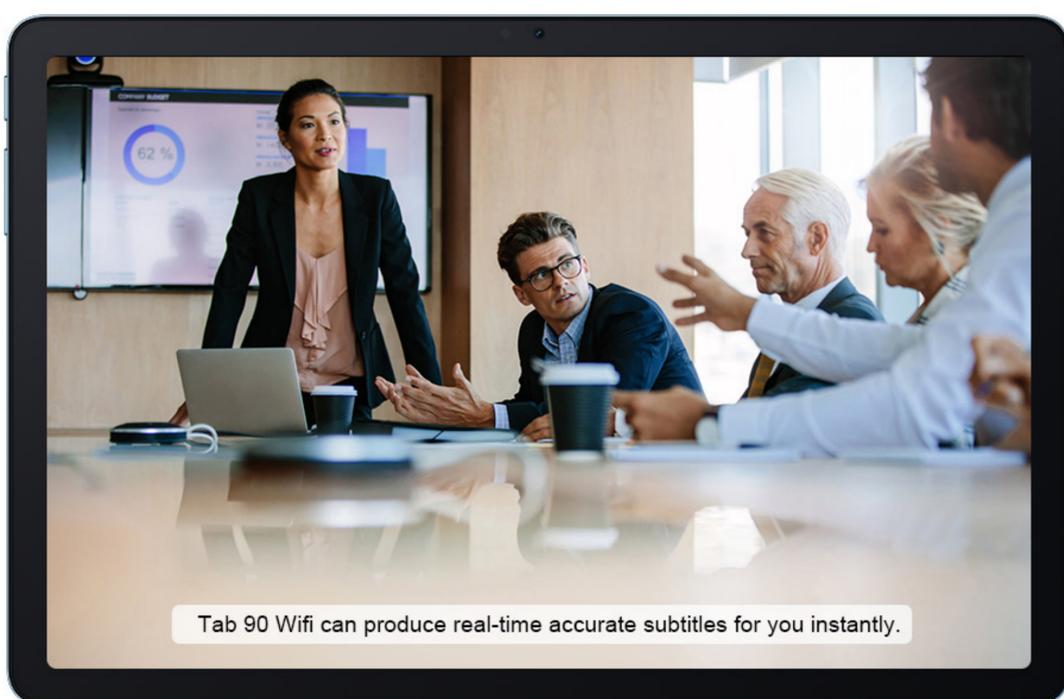

Screen Attention

Sick of your screen going off during online meetings or presentations? Simply tap to enable Screen Attention, and your screen stays on as long as you're looking at it!

Real-time Subtitle

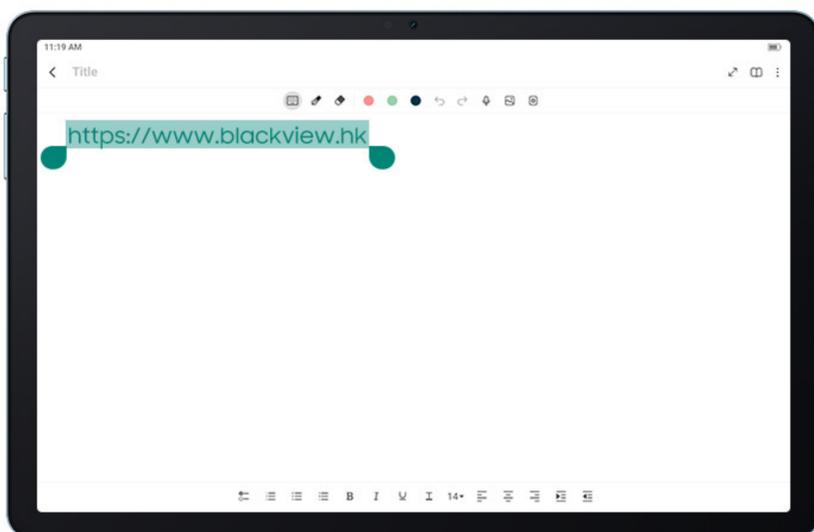

Never miss a word with our real-time subtitle feature. Transform spoken language into written text on the fly, ensuring every conversation is accessible and inclusive.

*Realtime subtitles are available for English language only.

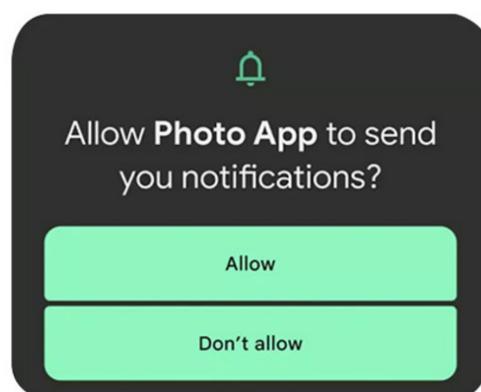

All-new Efficient Copy-Paste Way Copy-Paste Magic in Your Hands

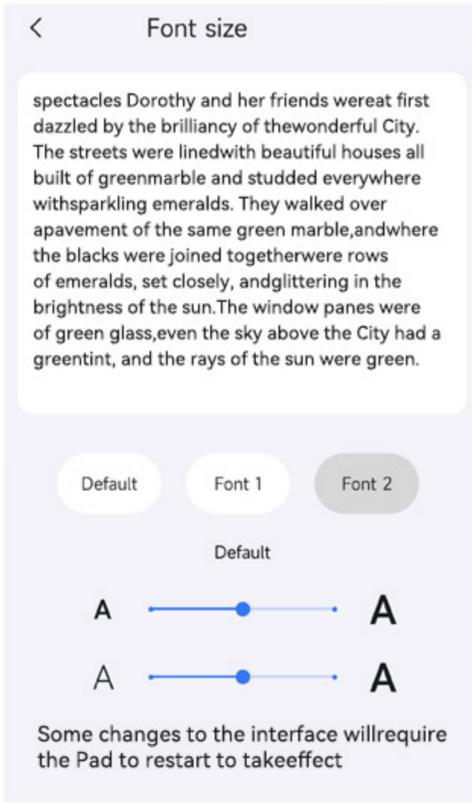

Tab 90 WiFi makes it easy to copy texts, images, or videos. Simply press and hold on the content you wish to copy, then switch to another app using your other hand and paste it where you need it.

Set Privacy Boundaries

Any app can only access the information required to perform its functions. If there is additional access beyond the necessities, separate authorization is required from users.

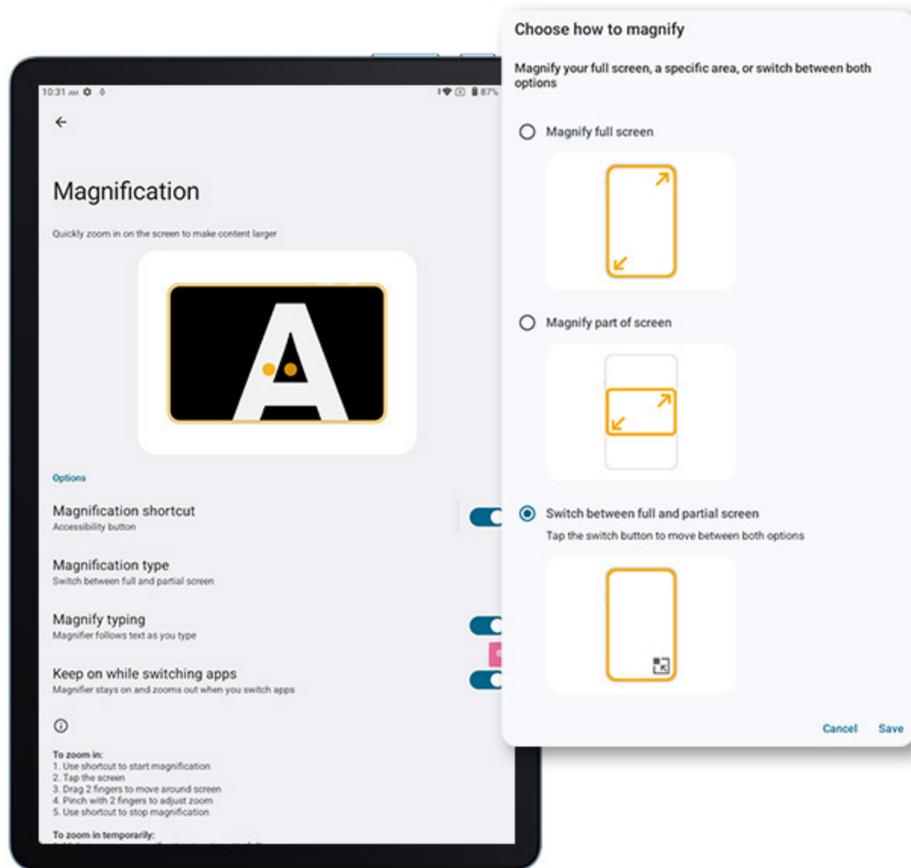

Upgraded Font Scaling Clarity in Every Character

With its upgraded font scaling, Tab 90 WiFi steers clear of issues like mechanically enlarged text, clipping, or legibility challenges, ensuring all text is crisp and readable.

Upgraded Magnification Effortless Pinch-to-zoom

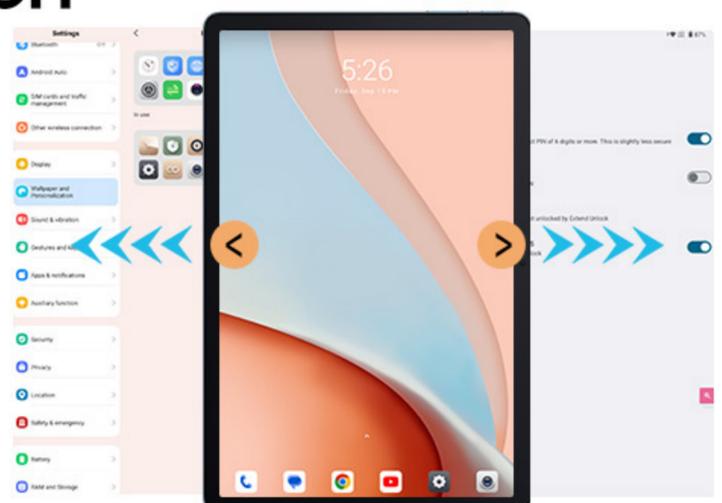

Pinch to zoom in and out on Tab 90 WiFi's upgraded magnification for a more intuitive and convenient way to view small text and detailed visuals.

*Magnification Type
Magnify full screen /Magnify part of screen /Switch between full or partial screen

Predictive Back Animation Visualized Back Navigation

Predictive Back Animations shows you a preview of the page you will be taken to when you swipe back, so you won't be inadvertently taken to the home screen or another page.
